A Moore Center Program

# Family Care

## Kinship Care/Adult Family Care

**Family Care** offers 2 residential options for those who can no longer live safely and independently in their own home:

1. **Kinship Care** enables seniors to live with a family member who gets reimbursed for providing a home and level of care.
2. **Adult Family Care** enables seniors to live with an unrelated family. We recruit “provider families” who’ll welcome you into their home and make you part of the family. They’re certified and reimbursed by the State of New Hampshire to provide a supportive and loving environment to ensure you experience a positive and meaningful quality of life.

**You get to choose the family!** Under our Senior Family Care program you’ll have a private room, with access to the rest of the home, and our families provide services such as meals, laundry, medication management, appointment coordination, transportation and shopping, as well as other non-medical support based on your needs. Our goal is to ensure that every placement is truly mutually enriching.

### It’s Your Choice!

Type of Home	Typical Cost	Quality of Life
Nursing Home	\$7,000/mo.	Clinical environment, limited visitation, limited choices
Assisted Living	\$4,000/mo.	Group environment, limited visitation, limited choices
Adult Family Care	Covered under CFI Waiver Private pay starts at \$1,700/mo.	Family environment, unlimited visitation, unlimited choices

### Affordable

Both programs are covered under Medicaid for individuals who qualify for the **Choices for Independence** program. For private pay clients Adult Family Care programs start at \$1,700 per month, depending on your needs.

### We Ensure Your Satisfaction!

Under the Adult Family Care program The Moore Center provides oversight and is available as a 24/7 resource. Prior to entering the program we have all parties meet to ensure that it’s a good match, and we also provide monthly visits to make sure your living experience is a positive one. Our provider families have clear expectations and are committed to enabling the fullest life possible, including your continued participation in activities, hobbies, visits with family, shopping and other outings.

### Peace of Mind

Moore Options for Seniors recruits, screens and trains all provider families. All homes are certified through the Bureau of Health Facilities Administration (Using standards under Rule He-P 813), and all provider families have a criminal, motor vehicle and BEAS background check, as well as a life safety inspection from their local fire department. To ensure you feel safe, secure and comfortable in your environment you can call Moore Options for Seniors at any time and we’ll be there.
