A Moore Center Program

# The Advocate Your Extended Family!

Just because you can't be there doesn't mean you don't care. Sometimes schedules or geography prevent you from being where you really want to be, and when that happens, you can count on us.

If your loved one is in a nursing home, a hospital, or even in their own home, we can provide a caring and compassionate caregiver to be your eyes and ears to coordinate care or bring a special occasion into their setting. We can also use the power of technology through either **Skype** or **FaceTime** to help you show how much you care too.

## Use Our Advocate Program For:

- ✓ Resolving quality of care concerns with care managers
- ✓ Participating in care discussions with care providers
- ✓ Creating a special occasion
- ✓ Connecting during family events

## Here are some of the things we can do:

- Participate in case conferences.
- Act as a liaison for needs and concerns.
- Facilitate family visits via **Skype** or **FaceTime**.
- Provide family updates via email, phone, **Skype** or **FaceTime**.
- Check in regularly or drop in at varying times to ensure that your loved one is safe and comfortable. You can even join us via **Skype** or **FaceTime**!
- Deliver presents for special occasions, such as Mother's Day, birthdays, etc. along with a **Skype** or **FaceTime** session so you can participate in the experience.
- Provide companionship to cope with depression, boredom or anxiety (conversation, play cards, checkers, board games, etc.).
- Provide a "special day" service such as a day of shopping, a hair/nail/pedicure service or a massage appointment.

**Next time you're considering sending flowers, consider creating a special occasion instead!**
